

Whether you are a new or an existing patient, we would like to thank you for choosing our practice.

All of our carnegie team members are committed to keeping abreast of new developments in dentistry so that we can provide our patients with the most up to date and minimally invasive treatment options in our friendly, patient centered clinic.

We believe preventive dentistry is essential to long term oral health and have designed our dental plans to reflect this. Regular oral health examinations with your own dentist and hygienist ensures early diagnosis and treatment of any problems.

Our prevention based approach to dentistry results in:

- Gum disease is controlled.
- Less dental decay, which means fewer fillings.
- Reduced costs.
- Less likelihood of toothache.
- More attractive teeth.
- Helping to keep your own teeth for life.

# Carnegie Dental Plans

The Carnegie dental plans are monthly payment plans designed to help you budget for your routine dental care.

After a thorough oral health assessment your dentist will recommend which is the best plan for you. As soon as you sign up for a Carnegie dental plan your routine examination, small x-rays and bespoke hygiene allowance will be included in your monthly plan charge.

The plan gives you 10% off any essential or cosmetic dental treatment\*. All adult plan members also receive £200 discount off tooth whitening. Discounts apply if more than one family member is included on your direct debit.

You do not need to be dentally fit to join any of our dental plans and your New Patient Assessment is included on the plan if you join straight away.

\* The 10% discount is not available off treatments that are already discounted.

## Airflow stain removal

This is an excellent treatment to remove stains from those hard to reach areas in your mouth. It can be added to a Carnegie Dental Plan from an extra £2.50 per month.

**8.00am to 6.30pm**

## Carnegie Maintenance Plan

Our Maintenance plan is perfect for patients who

- have gum disease (BPE of more than 3)
- build up a lot of tartar
- simply prefer stain removal every 3 months

It provides 4 hygiene appointments per year. This allows time for a detailed periodontal health assessment, a deep ultrasonic clean, oral hygiene analysis and advice.

The 3 monthly appointments enable us to monitor your periodontal health very closely, meaning that we can swiftly treat any progression of your periodontal disease.

The following are included in this plan.

- 2 Oral Health Examinations per year
- Oral cancer screening
- 4 hygienist appointments per year
- Routine small x-rays
- Preventative dental care and oral hygiene advice
- Bruxism and tooth wear screening
- 10% off the cost of any essential dental treatment
- 10% off cosmetic dental treatments
- £200 discount off tooth whitening
- Six point periodontal pocket charting where indicated
- Add airflow stain removal for just £5 a month
